

APPENDIX H: RICAS Calculator Policy

The calculator types available to students on the RICAS mathematics tests for the computer- and paper-based tests are shown in the table below. Please keep the following in mind:

- Any 7th or 8th grade student may use one of the handheld calculators listed instead of the calculator embedded in TestNav. No accommodation is necessary if used on the calculator section of the test.
- At a minimum, 7th and 8th grade students should have access to a 5-function calculator.
- **Non-calculator sessions of any RICAS math test:** unless a student meets the criteria for receiving a calculator or other calculation tool during a non-calculator section of the test, no calculators are provided in TestNav and no handheld calculators should be made available.

Grade	Calculators Provided in TestNav	Allowable Handheld Calculators (computer- and paper-based tests)
3	None	None
4	None	None
5	None	None
6	None	None
7	5-function	5-function Scientific Graphing
8	Scientific	5-function Scientific Graphing
